1A. This Amendment is issued to answer questions submitted in response to this Solicitation.

QUESTION: Will we be able to supply two quotes from different facilities that are part of the same company, but could do 100% of the overhaul work as listed in the SOW to perhaps be awarded both contractors?

ANSWER: Yes, any responsible offeror can submit a proposal in response to this solicitation.

QUESTION: Would a contractor be able to get 100% of the contract awarded if they were using multiple facilities to do the work?

ANSWER: Multiple awards shall be made as a result of this solicitation and shall depend on the results of technical and price evaluation.

QUESTION: We are not an authorized DDA dealer, but we are trained by Detroit Diesel, we also use genuine DDA parts. We build for the Navy as well as the USMC, U.S. Air Force, U.S. Army, we are a Hubzone company and would very much like to bid this solicitation, if at all possible?

ANSWER: Only those offerors that can meet the technical submissions requirements will be considered for award.

QUESTION: In Part 1, section B, page 4 of 82 it is stated in the scope of work for the engines e.g.; "This price shall include remanufacturing of the 12V71 engine assembly using Master Serial number 12VA66188, Twin disc MG514 transmission including all hang-on equipment, and shall include all mandatory parts identified in Appendix G and I to specification." Based upon this description of work, the Twin disc gear is to be included. Is the transmission included? If so, we need the serial numbers of the transmission?

ANSWER: Yes, each Engine will be supplied with the Transmission. Each Transmission is individually serialized therefore this information cannot be supplied at this time.
